THE ULTIMATE **ALL-IN-ONE** GRILL

The **Kamado JAN** is a premium ceramic grill designed to deliver exceptional cooking results using natural lump charcoal. Its expertly crafted ceramic dome locks in heat and retains moisture, ensuring food that's perfectly cooked, tender, and flavorful. Versatile and innovative, it supports a wide range of cooking styles—grilling, smoking, roasting, and baking—using specialized accessories. Precise airflow and heat controls let you fine-tune temperatures with ease. Engineered for efficiency, it uses minimal natural lump charcoal, making it cost-effective and environmentally friendly. **Built to last**, the Kamado JAN's ceramic dome comes with a **limited 20-year warranty**.

KAMADO JAN ROTISSERIE

The Kamado Jan rotisserie is the ultimate plug & play spitbraai solution. No alterations needed. The tapered wedge steel ring allows normal operation of the rotisserie with the Kamado Jan lid closed for complete temperature control. Achieve incredible caramelization at lower temperatures including the self-basting action the rotisserie provides.

Rotisserie Includes:

- Electric Motor: 10kg capacity
- 304 Stainless steel Spit Rod
- 2 x locking spikes
- Powder coated steel ring

The Divide and Conquer is the single most useful accessory and is supplied standard on both the Large and X-Large models. The half-moon heat deflectors and stainless steel grids combined with the two height positions allows for incredible flexibility. Cook multiple dishes in different styles and different heat zones, all at the same time!!

KAMADO JAN GEN 4 ACCESSORIES

PIZZA STONES

Perfect for baking as well as pizzas. The 15mm thick stones are available in 30cm and 38cm diameter.

PIZZA PADDLE

Aluminum paddle with wooden handle to move pizzas from your Kamado Jan to the table with ease.

CHICKEN SITTER

Keeps whole chickens perfectly upright for even cooking, while steaming from the inside to lock in moisture—delivering juicy, tender meat with irresistibly crispy skin.

JNR CAST IRON GRID

Durable cast iron construction for superior heat retention and even cooking. Perfect for braaiing, it sears meats to perfection, delivers rich smoky flavors, and creates those signature grill marks every time. Built to last and easy to season for naturally non-stick performance.

CAST IRON GRID

Create those restaurant style sear lines on your favourite steak. Available to fit the Large or X-Large grill sizes.

CAST IRON GRIDDLE -REVERSIBLE

Perfect for smaller items, stir-fry or just a great tasting breakfast. Available to fit the Large or X-Large grill sizes.

COAL BASKET JNR/L/XL

Allows air to circulate through the charcoal aiding in a more stable and controllable burn. Also makes cleanup simple where the large pieces remain in the basket while the ash drops out. Also feature a divider which helps create 2 distinct cooking zones giving greater versatility to your kamado cooking.

RIB RACK / ACCESSORY HOLDER

Perfect storage for up to 6 half moon or full surfaces for your grill. The idea is that you can either lay the rack flat inside a cupboard or outdoor kitchen unit, or it can be wall mounted. Can also be used as a rib/steak grilling rack.

HEAT RESISTANT GLOVES - PAIR

Designed with three-layer protection, they feature a food-grade silicone outer layer for grip, a heat-resistant aramid fibre core, and a soft polyester cotton lining for comfort. The anti-slip silicone grips ensure you can handle food, tools, and cookware with confidence, while the separate finger design gives you full dexterity.

KAMADO JAN GEN 4 ACCESSORIES

QUALITY BAMBOO SIDE TRAYS FOR JNR (PAINTED BLACK)

Quality bamboo side trays painted black for added durability and easy cleaning. In addition, each tray features utensil hooks on all sides to keep your tools close at hand.

JNR LEG STAND WITH WHEELS

Premium, heavy-duty powder coated grill leg stand on caster wheels (x2 lockable).

3-IN-1 ASH TOOL

Made of 304-grade stainless steel with a painted black bamboo handle. Use one side of the tool to move coals or loosen ash from previous cooks. The dual-ended rear side allows you to lift grill grates or scrape them clean of grease and residue.

WOOD WOOL FIRELIGHTERS

Sourced from sustainable plantations and FSC certified, the larger pieces burn hotter for longer and create less ash.

NATURAL LUMP CHARCOAL

The woven mesh pad cleans any grid with ease without leaving bristles behind. Sold with an additional spare scrubbing pad.

PROTECTIVE COVER

This cover is tailor-made to fit KamadoJan Gen 4 ceramic grills, providing reliable protection against rain, snow, dust, and debris. Crafted with water-resistant and durable materials with a draw string bottom, it effectively shields the grill from harsh outdoor elements.

ROTISSERIE

The Kamado Jan rotisserie is the ultimate plug & play spitbraai solution. No alterations needed. The tapered wedge steel ring allows normal operation of the rotisserie with the Kamado Jan lid closed for complete temperature control. Achieve incredible caramelisation at lower temperatures including the self-basting action the rotisserie provides.
